

JOHN HENRY RETURNS TO HIS OWN FIRESIDE

MAN ACCUSED OF TRIPLE MURDER

WILL SURRENDER TO SHERIFF

SOUGHT PROTECTION FROM THE RAGING SNOW STORM WITHIN HIS OWN HOME LATE FRIDAY NIGHT

Weak and Worn In Mind and Body Fugitive Wished for Final Rest In Family Circle Before Journey to Jail—Theories of Suicide and Long Flight Are Exploded—Story Circulated That Man Has Been Hiding on Own Premises Since Night of Crime—Return May Mean Confession or Stubborn Fight for Life.

John Henry, charged with the murder of three Morgan county people and since Tuesday night a fugitive from justice spent last night at his home near Woodson. He has returned to the scene of the tragedies which shocked all Morgan county and is ready to surrender to the sheriff. A message to Sheriff Rogers late last night stated these facts and a brother of the accused man agreed to be responsible for him during the night. Sheriff Rogers and deputies will go to Woodson at an early hour today to bring Henry to the county jail.

Never in the history of the county has there been such a crime committed as that at Woodson Tuesday night and never has there been such a total darkness as to the facts or the motives which led up to the awful tragedy. John Henry is known to have fired the shot which brought a sudden end to the life of Charles Ezard and there is circumstantial evidence that he also murdered Everett and Howard Crain in cold blood. The night of the crimes he disappeared in the gloom. He vanished as completely as if the earth had opened and swallowed him. He may have started from Woodson to Kansas City shortly after the murders. He may have gone toward St. Louis. He may have been in hiding in the very neighborhood where so many years of his life had been spent and which could no longer be hallowed ground to him.

Be that as it may John Henry returned to his home last night. At about 10:30 o'clock there came a knock at the door of John Henry's home. It was answered by "Maje" Henry who came from East St. Louis several days since to be with the stricken family of his brother. When the door opened John Henry stood without the threshold. He was covered with snow from head to foot. His face was pale and showed the signs of suffering. "It's stormy," he said with trembling voice, "may I come in and spend the rest of the night here. I am on the way to Jacksonville to surrender to the sheriff."

John Henry once more crossed the threshold of his own home. Of the scene which took place, there were no witnesses other than the members of the family group. Shortly afterward came the sheriff's message from "Maje" Henry that his brother had returned, that he would guard him during the hours of the night and that the fugitive would be ready for surrender to the sheriff this morning.

May Have Come on Night Train.

It was impossible to get any direct connection with members of the family last night but the commonly accepted theory is that Henry returned to Woodson on the train from St. Louis which reaches there about 8:45. If he came on that train he undoubtedly rode on the blind baggage and alighted at some point near the station before the train came to a stop. The story is that after the tragedy Henry caught a train into Roodhouse and there boarded the Kansas City Hummer at 12:30 o'clock. Instead of going direct to Kansas City, however, the story is he went to Mexico, Mo. While the train was changing engines it is supposed that he put in a call for Woodson in the hope of finding out the exact conditions there without letting his identity be known. Before he had any conversation, however, he either left the office because the train was called or because he became frightened that discovery might result.

In Kansas City and St. Louis.
The belief is that subsequently Henry went into Kansas City and was in hiding for twenty-four hours. He had frequently been there to buy cattle and so was forced to keep far away from the district which he frequented when there on business. The supposition is that the fugitive either purchased in Kansas City shoes and trousers and a hat to take the place of the rubber boots, cap and overalls he was wearing when he left Woodson or that he made his final purchases there, after acquiring the needed garments partially in other cities.

The story is that Thursday morning Henry reached St. Louis or East St. Louis and that he was in hiding until his return to home last night. It is understood too that Henry made no effort to go to the home of his brothers who live in East St. Louis for these homes were visited by plain clothes men of the East St. Louis police department. Thursday and were under surveillance during that day and Friday. When he left Woodson Henry is known to have had at least fifty dollars in checks and money on his person so that he had ample funds to

stormy night into his own home again these theories, plausible as they were, became nothing. The great fact that the fugitive had returned and was ready to surrender but an entirely new face upon the whole case. While few people locally last night knew of the return, there were enough who passed the word from ear to ear to give impetus to the new story that not since the night of the crime has John Henry been away from his own premises. The belief is current in the Woodson neighborhood that during these days and nights he has been hiding in the barn and that he determined to remain there at least until after the funeral and then surrender. They believe that when darkness came on Friday night that the man delayed the intended journey to the sheriff's office, that there came a great desire to spend one more night under the roof which he had so dearly loved and where he had been so beloved until the awful happenings of Tuesday. So they believe that he waited until an hour when he felt certain that all visitors had left the home and then knocked at the door and humbly asked for shelter.

Will Henry Fight For Life?

There has been no inquiry yet as to the cause of the death of Charles Ezard, Everett and Howard Crain. That inquiry will begin under the direction of Coroner Wright and States Attorney Tilton at Woodson Monday. Will John Henry be a witness before the coroner's jury? When John Henry today places himself in the custody of the sheriff will it be with intent of confessing that he is responsible for the death of three people and that he has come back to explain his crimes? This may be the case and yet the man may have come back determined to make a fight for vindication, for his life and for his family.

John Henry may claim that the shooting of Charles Ezard was wholly accidental, that the gun was discharged without intent as he struggled with his wife; that he had no thought of using the weapon save to threaten his wife whom he wished to return home with him. He may deny all connection with the killing of Everett and Howard Crain. He may testify that his mind is a blank, that he can remember nothing about the happenings of the awful night after he, blinded with rage and probably dazed by drink started in pursuit of his wife. Such lines of defense are not unknown and there are cases on record where men have killed their fellows and have been acquitted because some temporary lapse of mentality was believed to have rendered them irresponsible for their deeds. And then again John Henry may admit that he caused the death of three and that conditions and affairs about which the public has no knowledge justified his actions.

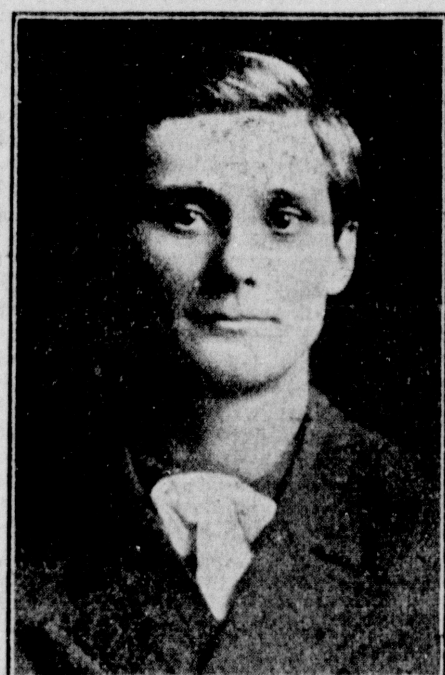

Had John Henry never returned the story of the tragedy would have forever remained a mystery. But now perhaps the veil will be lifted and the details of the terrible happenings which chilled the hearts of thousands may become common knowledge.

FAST ALTON TRAIN MEETS WITH ACCIDENT

Cars Are Reported Derailed Near Lockport—No One Reported Seriously Injured.

BLOOMINGTON, Ills., Jan. 31.—The south-bound non-stop train on the Chicago & Alton leaving Chicago at 12:05 a. m., this morning met with an accident near Lockport. Reports from the officers here say that one or two cars are derailed but that no one is injured.

The wrecker has been sent up from here to replace the cars.

Broken Rail Cause.
The trouble was caused by a broken rail and five cars left the track about a quarter of a mile south of Lockport. The local officers of the Chicago & Alton have received no report of any serious injuries. It is expected to get the train started about six o'clock.

JULIA FLAKE MAY BE BARRED FROM GENEVA SCHOOL

Superintendent Asserts School is Not For Girls Accused of Crimes Such As Julia is Charged With.

Geneva, Ills., Jan. 30.—Fearing an outbreak of the inmates of the state training school for girls here because of the arrival of Julia Flake, the Mercer county girl, who it is alleged, plotted with her step-father to kill her mother, Superintendent Carrie S. O'Connor today appealed to the state board of administration. The superintendent asserted the purpose of the Geneva is not to care for girls accused of crime to have confessed and he believes her presence will have demoralizing effect upon the others.

Julia Flake arrived at Geneva today. She is registered under an assumed name, is isolated in a hospital and none of the inmates know of her identity. Mrs. O'Connor said:

"I fear for the result. This is a training school and not a penal institution and I hope she will be removed at once. I appealed today to the board of administration and expect a reply tomorrow."

The superintendent said Mercer county had no place to care for the girl until the grand jury meets in April. She suggested the girl be put in charge of a special-matron or that Cook county might have better facilities for guarding her.

STEWART FAILS TO IDENTIFY JAMES E. GAFFNEY AS "GAFFNEY"

NEW YORK, Jan. 30.—James C. Stewart confronted today in the office of District Attorney Whitman, by James E. Gaffney, political associate of Charles F. Murphy failed to identify him as the "Mr. Gaffney" who, he recently testified, attempted to extort a political contribution of \$150,000 from him as the price of obtaining a contract for the construction of a section of the state canal. This identification was wanted by the district attorney to complete the case which he has presented against Gaffney to the grand jury.

M'DONALD ACCUSES GOMPERS OF BEING "GLORIOUS DRUNK"

Delegates of United Mine Workers Convention Show Gompers Little Sympathy

ALL CHARGES APPLAUD

Every Point Made by President of Western Federation and by M'Donald Is Wildly Applauded

A.F.-L. HEAD HAS LITTLE SHOW

INDIANAPOLIS, Ind., Jan. 30.—Scenes of the wildest disorder marked today's session of the convention of the United Mine Workers of America, which heard Duncan McDonald, secretary-treasurer of the Illinois miners say that Samuel Gompers, president of the American Federation of Labor, was "glorious drunk" during the Seattle convention and on other occasions. Gompers denial and the retort by Charles H. Moyer, president of the Western Federation of Miners, that if the copper strike in Michigan were to fail it would be due to the lack of financial assistance given by the American Federation of Labor. The delegates showed little sympathy for Gompers and he asserted he was being tried "before a jury whose minds were already poisoned." Every point made by Moyer and McDonald was wildly applauded. After McDonald had concluded his tumult was so great that Gompers, despairing of a hearing, put on his overcoat and hat and started to leave.

The delegates were silenced by an appeal from Moyer and Gompers returned. The only business transacted was to reaffirm a declaration in favor of woman's suffrage, discussion a plan to decrease the representation at the conventions which was referred to a referendum and rejection of a proposition to place a clause in the constitution prohibiting members of the military to become affiliated with the miners organization.

Gompers sat within four feet of McDonald and during the applause which greeted the statement that the head of the federation was "glorious drunk" at Seattle, epithets of "liar, slander" and the like were hurled back and forth by the two. In addition to the Seattle occasion McDonald said that Gompers was under the influence of liquor at the Atlanta convention.

McDonald referred to the assertion of Gompers that an assessment for the Michigan copper strikers would disrupt the federation.

"The American Federation of Labor has no money to aid the Michigan strikers," he shouted. "But it has money to hire organizers to get out and work for the Democratic party. They were sent into a district to support Ben Caldwell, a banker and a millionaire Democrat for congress against David Ross, Republican and former member of the miners' organization. Did they give John Walker any support when he was running for congress in Danville? I should say not. He was on the Socialist ticket and it would never do to elect him."

"Yet when the strikers ask financial aid they get messages of sympathy and speakers sent into the strike zone. Will sympathy or those speeches feed the hungry women and children, no."

The speakers' vociferous "no" was echoed all over the hall by the delegates. McDonald asserted that the reason the assessment had not been levied was because feeling existed between officers of the federation of labor and the Western Federation of Miners. In concluding he made a plea that the delegates give close attention to Gompers.

No Chance to Disprove.

"I resent the hypocritical plea of McDonald for a hearing for me," Gompers said when he could be heard. "The worst criminal in the land has a better show than I have here. He knows the charges which have been placed against him, but I am called here and charges made without any time for me to obtain evidence to disprove them. It is unjust, vicious and inhuman. On the unsupported testimony of McDonald you have laughed. How would you like to be placed on trial before a jury whose minds were already poisoned against you?"

FORTY ONE KILLED WHEN FREIGHT LINER RAMS AND SINKS "MONROE"

STEEL PROW OF NANTUCKET STOVES IN SIDE OF PASSENGER BOAT---NINETY-NINE RESCUED

Steamer Monroe After Being Rammed, Turns Completely Over and Plunges to Bottom of Atlantic Ten Minutes After Boats Collide In Dense Fog---Federal Steamboat Inspection Service Will Start Investigation Immediately.

NORFOLK, Va., Jan. 30.—The story of how forty-one persons went down to death in the waters of the Atlantic when the Liner Nantucket rammed and sank the Steamer Monroe early today, was brought to port tonight by the 99 survivors of the sunken ship's company, who were rescued and brought to shore by the Nantucket. It was a story of sudden death sweeping out of the dark and fog and taking the victims with the heaviness of sleep still upon them. It told how the Monroe, with her side stove in by the steel prow of the Nantucket filled rapidly, rolled over on her side and in a few minutes turned completely over and plunged to the bottom carrying with her passengers and members of the crew who had failed to get clear of the vessel.

Tonight the revised lists prepared by Captain Johnson, who survived the sunken vessel showed:
Lost, passengers, 19; crew, 22; total, 41.
Saved, passengers, 39; crew, 60; total, 99.

Under the thick bank of fog that hid the heavily running sea both big ships were making their way slowly and with difficulty in the early morning. The Monroe with Captain Johnson on the bridge and a double lookout peering into the fog ahead was edging under half speed to the northward having left Norfolk for New York last evening. The Nantucket heavily laden with freight and with only two passengers abroad was nosing her way southward from Boston to Norfolk. The crash came about 1:40 o'clock.

Time All Too Brief.
The Nantucket, with her bow crushed in, backed out of sight into the fog as Captain Johnson, realizing that his vessel was fatally stricken, shouted an order for the life boats.

Those aboard the Monroe were asleep. Only Captain Johnson and the watch on deck were up and about. But the shivering of the vessel and her listing motion, as the water poured through the gash in her side awakened the passengers and sent them clambering toward the deck. Warned by the officers they hurriedly adjusted life-preservers and made for the tilted deck. But the time was all too brief. Those rescued agreed that from the time the Monroe was struck until she settled beneath the waves not more than ten minutes elapsed.

Baggage, clothing, valuables, were all abandoned in the flight from the state-rooms. Pajamas, night-gowns, bathrobes and blankets were the common apparel of those who made the slippery upended deck before the water trapped them below. Most of them wore that garb when they left the limping Nantucket at her dock here this afternoon. As the half clad, excited throng of passengers reached the deck they were herded toward the life-boats by the officers and crew. Three of the life-boats from one side of the vessel were unshipped and gotten away from the side, freighted with frightened humanity mostly women, shivering in the wet and cold in their flimsy night clothing. By the time these were away the Monroe was rolling over on her side and it was impossible to launch the other boats.

Water Rushes Through Rent.
With a sudden lurch, the liner, now fast filling with the water that rushed through the rent in her plates, rolling over on her side, throwing up her uninjured side then submerging cabins and salons. With a chorus of shrieks the unfortunates left on the sinking vessel turned and crawling like rats made their way over the super-structure, through port holes, windows and companion ways, until they rosted just out of reach of the waves on the upper side of half-capsized vessel. But even this slippery security was not long available. With a rumbling sound the big vessel shivered and shook and then plunged beneath the waves, leaving her human freight adrift on the ocean.

Meantime the Nantucket, herself damaged, had stood by and Captain Berry had aroused his sleeping crew. As the ineffectual rays of the searchlight failed to pierce the blanket of fog, Captain Berry ordered out the life boats and one by one they slipped away into the fog to search for the Monroe. They found only the struggling survivors afloat in the key sea, crying frantically for help. Many of those picked up were exhausted. Several had to be hauled over the side of the Nantucket with ropes, unable to climb the rope ladder and several died after being rescued.

Will Start Investigation.
Captain Johnson of the Monroe and his officers got away from the sinking vessel and were rescued. Officers and members of the crew of both the Monroe and the Nantucket were held here tonight to await an investigation of the catastrophe, which will be begun immediately by the federal steamboat inspection service.

Thrilling were stories told by the rescued who were brought to Norfolk by the Nantucket. The Old Dominion Steamship company through its General Manager Pallin, took charge of the survivors.

Most of the passengers were eastern people.

Wireless Operator Lost.
Wireless Operator Kuehn gave the first S. O. S. call and after adjusting a life preserver which would doubtless have saved his own life, took it off and put it on a girl. Kuehn was lost.

J. Galley second officer of the Monroe gave his life preserver to a woman who had none and after being washed into the water saved himself by seizing a floating ladder. The survivors were unanimous in saying that the Monroe's crew behaved splendidly. There were not very many women on the ship but they were allowed to get into the boats first. There was no effort on the part of the men to crowd.

Crowds Greet Nantucket.
The steamer Nantucket after remaining for some time on the scene of the accident was joined by the Old Dominion Steamer Hamilton bound for Norfolk, and was conveyed by her to Norfolk. Thousands of persons crowded the river front to watch the Nantucket's arrival here. The ship's decks were crowded with survivors wrapped in blankets. Doctors had been sent on tugs to meet her and there were also aboard United States local steam boat inspectors, as well as lawyers representing both steamship companies.

The coroner of Norfolk will hold an inquest over the bodies of those who died after being rescued and the local United States steamboat inspectors will begin an inquiry as to the disaster generally.

**FOUR FIREMEN INJURED IN
EARLY MORNING NEW YORK FIRE**
Explosion in Five Story Piano Factory Building Injures Men Fighting the Flames.

New York, Jan. 31.—Four firemen were injured and a 2 o'clock this morning several reported missing after an explosion in a five story piano factory building on East 63rd street in which fire broke out an hour after midnight. One of the walls of the building collapsed when the explosion occurred and it was feared that some of the fire-fighters engaged in dragging a hose from the second floor to the third floor inside the building at the time were buried under the falling mass of brick and mortar.

The fire spread to a big public school building and to several nearby tenements. Several hundred young women in the Baron de Hirsch Home for Working Girls, across the thoroughfare were driven to the street. All four walls of the factory building had fallen shortly after two o'clock. Fire Chief John Kenlon announced shortly before 2:30 o'clock that the fire was under control.

No estimate of the damage was available at that hour.

CLASSICAL VS. MODERN LANGUAGES

College Presidents of Illinois Compare Values in Rambler Symposium—The Decline of Greek and Latin Study.

"To one who is pursuing a general literary course as the basis of future specialization, which is of greater value—the study of the classical languages (Latin and Greek) or the study of the modern languages?" This question was submitted by the College Rambler to nine presidents of small colleges in this state and three university heads and the answers were almost unanimous in favor of the modern languages "to one who is pursuing a general literary course as a basis of future specialization." These answers were published in the current issue of the Rambler and some interesting statistics on the decline of classical studies were given.

The college presidents who answered the questionnaire were C. H. Rammelkamp, Illinois college, President Hunt of Lombard, Charles E. Underwood of Eureka, President Hoover of Carthage, McClelland of Knox, John Nollen of Lake Forest, Frank English of William and Vashli, Theodore Kemp of Wesleyan and President Fellows of Millikin. President James of University of Illinois, Judson of the University of Chicago and Harris of Northwestern presented the view of the head of the larger school.

"Last year, in Illinois college, the enrollment in the classical language department was 14, in the modern language 83. Three catalog for 1860 shows 53 enrolled in the classical course and 40 in the scientific. The great change which is the result of a movement which is not peculiar to Illinois college but which made itself felt in the whole higher educational system of the country."

This same decline is apparent in other small colleges of the state as shown by the following table:

School	Class	Mod.
Wesleyan	73	86
Lake Forest	20	156
Lombard (1900)	18	40
Lombard (1913)	20	70
Augustana	9	21.6

This decline in popularity with present day students has caused the alumni classicists of the various schools to rally to the support of Greek and Latin. This fight being waged by the classicists to regain their former ascendancy has brought the classical question into especial prominence.

Most of the college presidents consulted were classically educated and are strongly in favor of the study of the ancient languages, but admit, for the most part, the necessity of having a good knowledge of French or German as a practical working tool. One points out that in Harvard students entering the junior year are presumed to be familiar with German and that many works on scientific subjects are unavailable except to those familiar with French and German. The consensus of opinion among the educators who contributed to the article was that the classics are more valuable from a purely literary standpoint, that the classical languages do not offer any form of mental training peculiar to them and not to be had as well from the modern languages and that from an utilitarian standpoint the modern languages have the greater value.

REPORT MAY BE DIRECTED TO ATTORNEY GENERAL M' REYNOLDS

CHICAGO, Jan. 30.—The report of the federal grand jury which is investigating the relations between Sol Lewinsohn, former professional bondsman, with attaches of the department of justice here may be made directed to Attorney General McReynolds according to reports from the jury room today. James H. Wilkerson district attorney would not confirm this report but said such action would be legal if the jurors decided such a course the proper one to pursue. It had never been done, however, he said.

It also was reported that the grand jurors plan no indictments preferring to submit such evidence as they have found to the department of justice and permitting the attorney general to take whatever steps he thinks proper.

BANDITS BURN TOWN.

Shanghai, Jan. 30.—Advices received here today say that the bandits who on Thursday sacked and burned the town of Linan-Chow province of Ngan-Hwei, murdered Father Rich, a French Jesuit missionary and captured two Jesuit priests, fathers Allain and Taille, who are being held for ransom. Father Gilbert, another Jesuit missionary, managed to escape. A French gunboat has been ordered to make ready to depart for the disturbed district.

PROPOSALS DISAPPROVED.

Washington, Jan. 30.—Proposals of railroads in central freight association territory to increase from 1-2 to 2-2 1-2 cents a hundred their charge for stoppage shipments of structural steel to be fabricated in transit were disapproved today by the inter-state commerce commission. The carriers were ordered to continue in force for a period of not less than two years from March 1st, the existing rate of 1-2 cents.

ORDER FAVORABLE REPORTS ON TREATIES

ARBITRATION TREATIES WILL SOON COME UP FOR RATIFICATION

Favorable Action of the Senate Committee on Foreign Relations and the President's Appeal Promises to Lead to Early Action on Most of the Treaties With Other Nations of the World.

WASHINGTON, Jan. 30.—Responding promptly to President Wilson's appeal made at the White House conference last Monday night, the senate committee on foreign relations today ordered favorable reports on a large number of arbitration treaties between the United States and the leading countries of the world. These were laid before the senate later in executive session and will come up for ratification in the near future. This action will rehabilitate that extensive structure of arbitration which had been gradually falling to pieces by the expiration of the time limit of one treaty after another until all of them had either expired or were about to expire. While the treaties are yet to be ratified the favorable action of the committee and the strong incentive given by the president's appeal, promises to lead to early and favorable action on most if not all of the conventions. The far reaching character of this group of treaties is shown by the long list of first rate powers with which they are made including most of the great powers of Europe, South America and the Orient. The senate committee considered today those of treaties soon to expire and agreed inasmuch as they are identical with the eight recommended for extension they should be approved for extension as rapidly as they expire.

Aside from the importance of these treaties in the cause of arbitration some of them have a large significance in affecting the political and international relations between the United States and other countries. It is understood to have been the purpose of President Wilson and Secretary Bryan in urging prompt ratification to establish a Pacific bulk which would further lessen the possibility of complication on any of the existing foreign problems, including those growing out of the Mexican revolution, the Panama tolls question with Great Britain and the issues with Japan in respect to naturalization, land tenure, etc.

The treaties acted upon today are practically identical and provide for a limited arbitration of questions which cannot be adjusted by diplomacy and expressly excluding those affecting the honor, independence or vital interests of the parties.

The convicted men were taken to the Tombs to await sentence the court declining to entertain a motion that the verdict be set aside and a new trial granted.

TESTIMONY NEARLY COMPLETE.

New York, Jan. 30.—When court adjourned in the second trial of Hans Schmidt, the ex-priest charged with the murder of Anna Ammiller taking testimony was nearly completed. Thirty pages of the testimony of the state alienists remained to be read. Counsel for the defense will put to alienists a hypothetical question of 45,000 words. Notwithstanding it is believed the case will go to the jury next Tuesday.

RATE CASES STILL PENDING.

Kansas City, Mo., Jan. 30.—The Missouri rate cases were still pending in the federal court tonight, although Judge Smith McPherson today dissolve the injunction against the state officials as he was ordered to do by the United States supreme court and appointed a master to adjudicate such claims for overcharges as might be brought to the federal court by shippers and passengers.

EXPLOSION KILLS TWENTY TWO.

Dortmund, Germany, Jan. 30.—A fire dam explosion occurred in the Achenbach Colliery today. Twenty-two bodies had been recovered to 9 o'clock tonight at which hour the number of fatalities could not be ascertained. Rescue columns have been sent down from the adjacent mines.

CULLOM'S BODY BROUGHT BACK TO SPRINGFIELD

BODY OF STATESMAN WILL LIE IN
STATE AT CAPITOL TODAY

Forty Nine Years Ago Cullom Was at Springfield Station When Train on Same Road Which Brought His Own Body, Arrived With That of Abraham Lincoln—Will Be Buried in Oak Ridge Cemetery Sunday.

SPRINGFIELD, Ill., Jan. 30.—The body of Shelby Cullom was brought back here today and tonight lies under the shadows of the high, old-fashioned book cases of the library in the home of Mrs. Charles Ridgely.

Only intimate friends and relatives were admitted to the house tonight. The general public must wait until the body is taken in state to the capitol at noon tomorrow.

Springfield was the former senator's home, but his long absence in Washington made him almost a stranger to local generations of the last twenty-five years. It was observed that as the train from Chicago bearing the funeral party sped through the smaller cities, the few men who gathered there were white haired and old. At the village of Atlanta, an old man and his wife stood alone on the station platform, the man with his hat off until the train passed. It was cold here when the train arrived, and the snow was falling, but again the crowd of a hundred or more were mostly well along in years, although a curious younger generation was in evidence.

Among the former were Dr. William James, William Ridgely, Colonel John Bunn and Dr. George Pafford, all of whom recalled the days when Abraham Lincoln and Shelby Cullom with their scant supply of law books attended court together here. Among the pioneers the two names are inseparable in talking of the old days when all were young, and the Civil War had not yet begun.

Forty nine years ago Cullom was at the station when the train on the same road which brought his own body today, arrived with that of Abraham Lincoln. Sunday his funeral procession will travel upon the same road to Oak Ridge cemetery and the two will lie in graves not far apart.

Delegations from all over the state will be here Sunday.

Mayor Wood of Cairo telegraphed that he would be present with twenty other citizens from his city. Among the better known will be Senator Sherman, former Congressman Frank O. Lowden, former Governor Pifer and Deneen, Congressman W. A. Rodenberg, former Mayor Bruce of Chicago; Roy O. West, chairman of the Republican state central committee, former Congressman Zeno J. Rives and many others.

The first formal observance of the occasion will be the placing of flags at half-staff on public buildings tomorrow.

Judge J. Otis Humphrey in charge of the funeral arrangements, and who is expected to be executor of the Cullom will, was quoted today as estimating the late senator's estate at not more than \$50,000.

NOTICE O. E. S.
Wilbur Chapter No. 358 O. E. S. will hold a special meeting today at 3:30 and 7:30 for initiation.

MAN HAS LEFT LIMB CRUSHED BY BURLINGTON FREIGHT TRAIN

Is Brought to Passavant Hospital Where Leg is Amputated—Accident Happens Near Concord.

A man giving his name as Ollie Evans and his home as Osolo, Fla., was picked up just north of the Concord station on the Burlington tracks Friday night. His left limb was mangled and when he was brought to Passavant hospital in this city it was found necessary to amputate the members.

It is said that Evans was stealing a ride on a north bound Burlington freight which passed through Concord Friday evening about 6 o'clock. It is thought that he fell from a car and sustained his injury in this manner. He was found by a member of the crew of a south bound freight placed in the weight car of the train and brought to Passavant hospital in this city.

When told that it would be necessary to amputate his leg Evans gave his name and gave the hospital authorities the address of his adopted parents and a message to send to them. The message stated that he had been "up against it." The message also stated that was sorry he hadn't written to them. At a late hour last night the patient was doing as well as could be expected.

Weihl's Midwinter Sale!

THE PURCHASE OF TAILORED APPAREL

is like any other purchase—it does not pay to skimp quality. There is no satisfaction in owning an inferior suit of clothes—no pride of possession. You know, and so does any one else familiar with clothes, that it possesses no marks of individuality.

Quality demands a fair purchase price. When a suit or overcoat is offered at a ridiculously low price, you may be assured that they are not clothes you would care to own; that however absurd the sum you pay, you are not receiving fair value for it.

FILE CLAIM FOR 200,000 TONS OF SCRAP MATERIAL

Chicago House Wrecking Co., Files Claim With Colonel Goethals.

Panama, Jan. 30.—Out of the sale to a Chicago house wrecking company of the junk taken over by the isthmian canal commission under its purchase property of the French canal company has arisen one of the largest claims filed against the canal government. The wrecking company which in 1911, bought the scrap, has filed with Colonel Geo. V. Goethals, chairman of the Panama canal commission, a claim for about 200,000 tons of scrap material which it declares should rightfully be delivered to it. The market value of the scrap is estimated at nearly \$2,000,000.

Hearings in an effort to effect an equitable settlement of the claim have been begun by H. A. A. Smith, examiner of accounts of the canal commission who is attempting to determine what scrap it was contemplated to sell under the contract with the wrecking company. The company claims it is not only entitled to all the scrap upon which its bid of \$215,000 was for, but to all the material that belongs to the French company and has since been abandoned as junk.

The company insists that this junk includes many French barges, dredges, tugs, scows, launches, dump cars and engines which the commission repaired and placed in service in the construction of the canal.

Colonel Goethals said today that he expected that the courts would probably be called upon to settle the controversy because the contract was loosely worded and ambiguous.

NEW MEXICO MINERS TELL OF FALL OF HUGE METEOR

Albuquerque, N. M., Jan. 30.—Donald Brown, foreman of the La Luz mine, Martin Garcia and Luis Gonzales, arrived here today and told of the fall of a huge meteor last night in the Sandia mountains, twenty five miles east of here.

Brown and his companions were in a cabin at the mining camp when they suddenly heard a roar and there was a glare that made the camp light as day. They rushed outside and saw the meteor apparently headed directly for the camp. They had run several hundred feet from the cabin when the fiery substance struck the earth with a thud that shook the ground. An instant later there was a terrific explosion, caused by the powder house near the camp blowing up. The concussion caused by the meteor striking the earth set off a quantity of dynamite stored in the powder house which was on the side of the mountain a thousand yards away. The explosion wrecked the mine buildings, the cabin of the three men and a store in the cabin was lodged in a tree two hundred yards away. The men terrified by the occurrence started for this city on foot. Hundreds of persons went to the scene today. A party headed by Dr. George T. Kirk, geologist at the University of New Mexico is investigating the phenomenon.

LONG DISTANCE EXPRESS RATES ARE CHEAPER THAN PARCEL POST

The express companies, which prior to the advent of the parcels post did little or no advertising, have prepared literature of late indicating the relative advantage of express and parcels post service under different conditions and J. H. Jackson, Harry A. Goodrick and D. W. Osborne, the local agents for the different companies, are in receipt of papers and tables dealing with the comparison of these rates in detail. While parcels post rates are generally cheaper for short distances than express, the latter have the advantage many times for hauls beyond the second zone. Another advantage of express service is in the matter of insurance, extra fees being necessary in the case of the parcels post while the regular express rate insures the shipment for actual value up to \$50. A 50 pound package that would go from Jacksonville to a point in the first zone for 61 cents, insured, by parcels post would cost 40 cents by express and a 20 pound package, the weight limit for long distance hauls, under the same conditions regarding insurance, would go by mail for \$2.50 and for \$2.00 by express. This shows the advantage of express for heavy packages, near the weight limit. For the lighter packages and shorter distances the cheaper service may be had from the parcels post.

BILLY SUNDAY CONDUCTING MEETING IN PITTSBURGH

Induced to Go There Only After Strong Persuasion for Fear He Would Fail to Get a Hearing He Overwhelmed With Huge Audiences.

Some time since Rev. Wm. A. Sunday was asked to go to Pittsburgh to conduct a series of meetings, but he hesitated, fearing he would fail to attract large audiences, but finally yielded. A tabernacle capable of seating 14,000 was erected and soon after daylight people began gathering for the first service and when that was over they began to throng about the doors for the next. Before the end of the time the collections had amounted to \$26,104.03, and he asked them to stop.

Some critics him severely and others praise and he goes along astonished at the way the people attend. Arthur Vannier of the Jacksonville National bank has kindly supplied the Journal with some Pittsburgh papers and from them some clippings are published.

Swinging from the hips, with their drummers thumping the time into a bugle march which had more force than all the brass bands that have reached the tabernacle, portions of three regiments of the United Boys' Brigades of America went there last night to hear "Billy" Sunday.

"Can you play a reveille?" yelled Homer A. Rodeheaver from the platform as he stepped over the stacked flags. From the center of the big building the famous old call blared out:

"We can't get 'em up."

Neither Rodeheaver nor Sunday made any remark. They left it to the bugles. It was like the dignified old ceremony of "trooping the colors" to see the uniformed boys and men come marching to the front, deposit their standards and march away. Only they left no color guard. They evidently trusted them to "Billy" Sunday.

"Something Doing" was really the text of the sermon which "Billy" Sunday preached yesterday afternoon and evening, although he had the thought clothed in the language of the Old Testament. He could have used all sorts of slang to drive home his thoughts, but he did not. He just told things, told them, perhaps, in a new way and with a little extra emphasis from what has been used as a rule. But he just told old things.

Brings Out a Yell.

Thousands of railroad employees greeted him as an old familiar because once he fired a switch engine for a living. He showed the scar.

Rodeheaver asked the employees of the National Casket company to stand up and they did. With an art that was uncanny he managed to tell them how welcome they were, without referring directly to their grisly business.

"What is your favorite song?" he asked with his usual impulsiveness.

"Nearer My God to Thee," came back the answer, and it was lucky that the answer contained only five words, for the yell which exploded into the roof of the tabernacle must have lifted a few nails from the shingling. Rodeheaver himself had to wait for minutes until he could force his voice through the detonations of laughter that shattered the air about him. "Billy" Sunday simply curled himself into an arpeggio on his chair and let it go at that. Everybody could see that he was "laughing his eyes out."

"If I were in your business," said Rodeheaver, with his chin down, and speaking from his diaphragm, "I'd choose 'Let a Little Sunshine In.'" and Fred Selbert ran to the ventilator ropes to open the air ports in the "Billy" Sunday ship so that the volleying laughing gas would not really take off the roof and let too much cold air into the place, which was, by this time, superheated with enthusiasm.

"Billy" Sunday showed plainly yesterday at both meetings that he believes he has been able to break down the wall of indifference that he expected to meet in Pittsburgh. Hence his "Ram's Horn" sermon; his stoppage of collections; his straightforwardness in talk, and the fact that "Booze" is his subject for two sermons tomorrow.

For a long time last night, instead of sitting in his chair curling and uncurling that strange right hand of his, he stood in the very front of his rostrum, leaning against the pulpit in an easy attitude, apparently brooding over the crowd.

Every movement and every lack of movement suggested the man who had found himself. Perhaps it was the result of that devotional wave of Thursday that reached to his throat and almost drowned him with unexpectedness.

Anyhow, "Billy" Sunday moved and mouthed yesterday as if he knew that he had his feet on bottom and no undertown could wrench him loose.

Little Christian Soldiers.

Soldiers in dress, Christians in spirit, therefore real Christian soldiers, fifty members of the Boy's Brigade marched single file down the saw dust trail, at the tabernacle last night, and grasped the hand of the evangelist. It was an inspiring spectacle. No sooner had Sunday completed his prayer that follows his sermon, than a sergeant major of the brigade, cap in his right hand and over his heart, bounded from the section occupied by the youthful soldiers and sauntered proudly down the aisle to the pulpit. He went alone, but it was only a few minutes afterward that soldier boy after soldier boy followed him and the great assemblage cheered the diminutive Christian soldiers, some of them being so small that the evangelist had to lie flat upon the platform and lean away over in order to grasp their hands.

Following the Boys' Brigade, the sturdy members of Swift's Mission Brigade of the Northside "hit the trail" and got the plaudits of the throng. In all, 291 converts responded last evening. With the 60

ORDERS SALE OF WABASH
RAILROAD AT FORECLOSURE

Judge Directs That No Bid Lower
Than \$34,000,000 Be Accepted.

St. Louis, Mo., Jan. 30.—The sale
of the Wabash railroad at foreclosure
was ordered today by Judge Elmer
B. Adams of the United States
circuit court. Judge Adams direct-
ed that no bid for the property low-
er than thirty-four million dollars
be accepted and that the sale be
made without appraisal.

Chester H. Krum of St. Louis was
appointed special master to execute
the sale. His bond was fixed at
\$100,000. All bidders will be re-
quired to deposit with Mr. Krum \$1,
700,000 or \$3,500,000 in Wabash
first refunding or extension mortgage
bonds.

The decree of foreclosure was
handed down on motion of the
Equitable Trust company of New
York, which as trustee holds \$40,-
600,000 in the bonds of the Wabash.
The motion was submitted to Judge
Adams yesterday with the announce-
ment that a plan of re-organization
had been made satisfactory to the
trustees and receiver. The decree
directs that within twenty days the
Wabash railroad company shall pay to
the Equitable Trust company \$4,-
323,621 as interest on the first
mortgage bonds from January 1,
1912, when the road made its first
default in interest payments.

WARRANT CHARGING MAURY
I. DIGGS WITH SERIOUS OFFENSE

SAN FRANCISCO, Jan. 30.—A
warrant charging an offense against
a young girl was issued here tonight
against Maury I. Diggs whose recent
trial and conviction here under the
Mann act caused nation-wide com-
ment because of its political complica-
tions.

Mrs. Elizabeth Pearrine, a doc-
tor's wife, swore to the complaint,
alleging an offense against her
daughter, Ida Pearrine, 17 years old.

New Year's Eve is the time named
and warrants also were sworn to
against John Gilligan and John Doe
Fisher, in connection with the same
affair.

"Fisher" is said to be an alias.
Diggs' case under the Mann act is
now on appeal.

FAVOR INCREASE.

New York, Jan. 30.—Resolutions
favoring increased freight rates de-
stroyed by the railroad of the coun-
try were adopted by the directors
of the national association of man-
ufacturers here today. The resolu-
tions recite "that the prosperity of
the railroads is one of the most es-
sential factors in the prosperity of
the whole country and urged upon
the interstate commerce commission
the necessity for speedy action in fa-
vor of the increased freight rates as-
ked for by the railroads.

peared at Santa Barbara today look-
ed at the letter demanding \$75,000
said to have been written by kid-
nappers of Clark. He expressed be-
lief it was a hoax.

Chief of Police Sebastian publish-
ed a notice today demanding that the
authors of the letters send some
statement from Clark that would es-
tablish to his relatives that he was
alive.

on a charge of murdering Otto Roe-
fer, a special policeman. The jury
took five ballots and was out four
hours.

EXCITING CONTESTS
IN BASKETBALL

Jacksonville High Second Team Los-
es to White Hall 21 to 12; Pitts-
field Swamps Griggsville and
Chapin Wins from Waverly.

A number of interesting games
were played last night among the
smaller high school teams as fol-
lows:

Pittsfield 53; Griggsville 18.

Pittsfield had an easy time on
their own home floor last night
with the score being 52 to 18. In
the previous game Griggsville beat
Pittsfield, 18 to 15. Next Saturday
night Pittsfield plays Virginia at
Pittsfield. Pittsfield has won this
year four out of five games, win-
ning from Barry, Bluffs, Mt. Ster-
ling and Griggsville.

The following was the lineup last
night:

Allen, center; Crain and Scott,
forwards; Rush, Garvin and Thom-
as, guards.

Griggsville, Stead, center; Hose
and Pherrin, forwards; Riley and
Newman, guards.

Summary—Field baskets, Allen
9; Crain 8; Scott 5; Garvin 1;
Thomas 1; McFesse 1; Stead 1;
Pherrin 3; Newman 1; Foul Goals,
Scott 7; Pherrin 5.

Referee—Waters. Jacksonville;
Umpire, Nichols, Pittsfield.

J. H. S. 12; White Hall 21.

The Jacksonville high school sec-
ond team went to White Hall last
night and were defeated by the high
school of that place by a score of
21 to 12. The score at the end of
the first half was 8 to 9 in favor
of Jacksonville, but the W. H. boys
whipped up a bit in the second and
won.

The following was the lineup:

White Hall—Sely and Campbell,
forwards; Birdgewater and Rod-
house, guards; Baldwin, center.

Jacksonville—Whitlock, center;
Strawn and Suthard, guards; Wait,
Mayer and Swain, forwards.

White Hall made 10 field bas-
kets and one foul. Jacksonville
made ten field and two foul goals.
Five fouls were called on Jack-
sonville and 3 on White Hall.

Chapin Wins from Waverly.

Chapin basketball team showed
their superiority over the Waverly
five last night when they played
them on the Chapin floor, the score
being 37 to 9. In the first game
between the teams two weeks ago
won by Waverly by a score of 29 to
12. Chapin lost to the second team
of Jacksonville by a score of 11 to
41.

The following was the lineup:

Chapin—Anderson, left forward;
Antebus, right forward; Matthews,
left guard; Taylor, right guard;
Briggs, center.

Waverly—Rogers, right forward;
Stice, left forward; McCormick, cen-
ter; Swift, right guard; Wiley, left
guard.

Referee—Campbell of Jack-
sonville.

Havana Defeats Rount High.

Havana defeated the Rount Col-
lege high school basketball team in
a game at Havana Friday night by a
score of 47 to 9. Walsh, who made
7 of the Rount players 9 points, was
not in form throwing foul baskets
and missed ten chances. This was
probably due to the fact that the
floor on which the game was played
is about half the size of the team's
regular hall. Spink, Havana's left
forward, played a star game for that
team. The contest was characterized
by roughness.

The line-ups: Havana—Dixon,
center; Sullivan, f. g.; Aisley, l. g.;
Ashall, f. f.; Spink, l. f.

Rount—Groves, center; Walsh, r.
f.; Clancy, l. f.; Froelich, r. g.; Leary
l. g.

Officials—Umpire, Hickson; timer,
and scorer, Donovan.

DECLINES TO DIVULGE
CONTENTS OF THE NOTE

Tokio, Jan. 30.—Baron Makino,
the foreign minister today declines
to follow the suggestions made in
the diet that he divulge the contents
of his notes of protest to the United
States on the California question
saying such action would be harm-
ful to the negotiations between Ja-
pan and the United States which
were still in progress.

The foreign minister added that
California question was a serious af-
fair involving the honor of the Ja-
nese people and that the American
government understood the impor-
tance attached to the question on this
side of the Pacific.

MCDONALD ACCUSES GOMPERS OF BEING "GLORIOUS DRUNK"

(Continued from Page One.)

Donald is sufficient refutation of the charge that I was drunk."

Gompers denounced McDonald for taking the position that unions should be expelled from the federation.

"How short is the memory of some men," he exclaimed. "In 1904 the American Federation of Labor had only \$5,000 in its treasury but when the miners appealed for aid they were voted \$1,300. What would have happened should an assessment been levied at that time? The United Mine Workers of America could not have paid and would have been forced out of the federation; that's what would have happened. And there are many unions today, sorry as I am to say it, in the position of the miners in 1894."

Moyer's speech was such as he said he would not say some of the things he had intended as Gompers had to leave to take a train for New York and could not hear them. When Moyer concluded many delegates sought permission to continue the discussion. This was not permitted as it was said the controversy already had cost the miners more than \$15,000. The report of the constitution committee was then resumed and it will be the order of business tomorrow.

HEAVY SLEET STORM.

St. Louis, Mo., Jan. 30.—A heavy sleet storm which began here early this morning continued unabated until late tonight. Street car and vehicle traffic was greatly impeded and numerous minor accidents were caused by the slippery condition of the streets. The eastern half of Missouri and the western section of Illinois suffered equally severe storms. At Springfield, Mo., a heavy snow began to fall and the mercury dropped to twenty-four degrees. Cairo, Ill., reported heavy damage to livestock, telephone and telegraph wires.

VILLA ANNOUNCES CIVILIZED WARFARE WILL BE ADOPTED

General Asserts International Ethics Will Be Observed by Officers of the Rebel Army.

Juarez, Mexico, Jan. 30.—General Francisco Villa announced that civilized warfare, particularly with reference to the treatment of prisoners, would hereafter be adopted by the rebels. He procured a little book from United States army officials dealing with "the ethics of international warfare," which he said would be put into practice in the rebel army and he added that hence forth no federal officers would be executed unless they previously had been captured and on being released had broken faith not to fight again. The statement of the rebel leader was of interest because of the impending attack on General Refugio Velasco's federal garrison at Torreon, which is looked upon as the probable scene of the next big military movement in Mexico. General Monclovia Herrera, one of Villa's commanders with a brigade today moved south from Escalon. Escalon is more than half way from Chicago, the present base to Torreon. It may be a week or ten days before the rebels actually open the attack, although they are moving toward the federalists in great numbers.

Meantime, Chihuahua City with 35,000 population, the last rebel stronghold, is rapidly being transformed into "the provisional capital of the republic. A mansion has been provided there as the executive office of General Carranza, who is expected from the Pacific Coast about Feb. 15th.

To Governor William C. McDonald of New Mexico, General Villa reiterated his statement that he had no ambition to become president of Mexico or to overshadow General Carranza.

"I never will be president of Mexico," General Villa said. "I never went to school a day in my life and I am not educated enough for the post. My alphabet has been the sight of a trigger of a rifle; my books have been the movements of the enemy."

The rebel leader thus referred to his eighteen years experience as a bandit when he was hunted in the mountains.

General Villa asked Governor McDonald if there was any prospect of recognition of the rebels by the United States.

"We wish our friends in the United States would help us because we are your friends," he said.

The rebel commander said he had strictly prohibited any information reaching Torreon from the territory held by the Durango state troops.

Hamm or his representative violated this, he said, by sending not only Hamm's own letters but correspondence of other persons living in Durango.

General Carranza ordered General Contreras to return Hamm's mail unopened but to turn over to the civil judge at Durango the correspondence of other persons which the consul is said to have attempted to deliver.

Will Be Protected.

Mexico City, Mex., Jan. 30.—Spaniards in Torreon will be given the same protection that is accorded Americans in case there is fighting there or the city is occupied by the rebels. This assurance has been given by the state department at Washington to the Spanish minister Senor Colaguy Colagan. The members of the Spanish colony in Torreon sent a message to the minister appealing for protection and the minister referred their appeal to the Spanish ambassador at Washington.

Urbalejo Routs Federals. Washington, Jan. 30.—Dispatches were made public here tonight by the Mexican constitutionalists' agency announcing that General Urbalejo had routed a force of Federals at Cruz de Piedras killing the colonel in command and one hundred men and Eulatio Gutierrez another rebel chief yesterday yesterday captured the town of Conception del Oro, Zacatecas, with 400 federal prisoners.

Following President Wilson's denial yesterday of reports that Japanese government was supplying the Huerta government with arms the Japanese embassy today issued a statement saying the story is "without a vestige of truth."

CONCORD VOTES TO INCORPORATE

PROPOSITION CARRIED BY MAJORITY OF 15.

Flaw in Ballot of First Election Made Imperative Second Voting—Both Sides Fought Hard to Win—Election of Town Board Later.

The proposition to incorporate the town of Concord carried Friday in a special election held by a majority of fifteen votes. This is the second time the town has voted to incorporate. The first time the vote was favorable only the majority was 26. It was found, however, in the first election that there was a flaw in the reading of the ballot, which should have stated that the "city adopt the commission form of municipal government."

Considerable interest was manifested in the election yesterday and both sides work hard. The law makes it possible to take in territory not to exceed two square miles, but Concord did not extend that far. It extended far enough, however, to make the opposition keen. The following was the vote cast:

For incorporation—Men, 51; women, 42; total, 93.

Against incorporation—Men, 39; women, 39; total, 78.

Majority 15.

The judges of the election were James A. Smith, Ernest Sanders, John Whorton; clerks, Spencer Smith, John Blumling and O. C. Hamm.

The next move will be to elect a president, clerk and trustees. The officers elected the first time were:

President—W. H. Williamson. Clerk—A. W. Smith. Trustees—L. F. Baylis, B. A. Cratz, C. E. Rexroat, W. H. Cooper, J. A. Wharton and C. T. Hamm.

Funeral Services Held at Woodson For Victims of Triple Tragedy

The triple funeral at Woodson Friday filled the Christian church to overflowing, the aisles, the rear rooms and pews all being filled with a reverent, sympathetic assembly. The funeral of Charles Ezard came first and was conducted by Dr. George W. Miller in an eloquent and very suitable manner. Prayer was offered by Rev. Ira C. Smith, pastor of the Christian church, and Dr. Miller spoke in a very appropriate manner. Of his remarks a few thoughts are given: "There are times in life when one hardly knows what to say. I have no desire to harrow up the feelings of the mourning ones but rather with words of kindness and comfort would point them to the great source of all good. In so doing I cannot do better than appeal to the word of God. Our brother was a believer in Christ and was known as a religious man. Many of the past memories are pleasant and there is a silver lining to the dark cloud which gathers over us on this sad occasion. I shall offer neither eulogy nor criticism for we cannot change anything now of the past. Let us remember only his good traits and leave anything else in oblivion and so we commit his soul to Him who is Judge of all the earth and will surely do right."

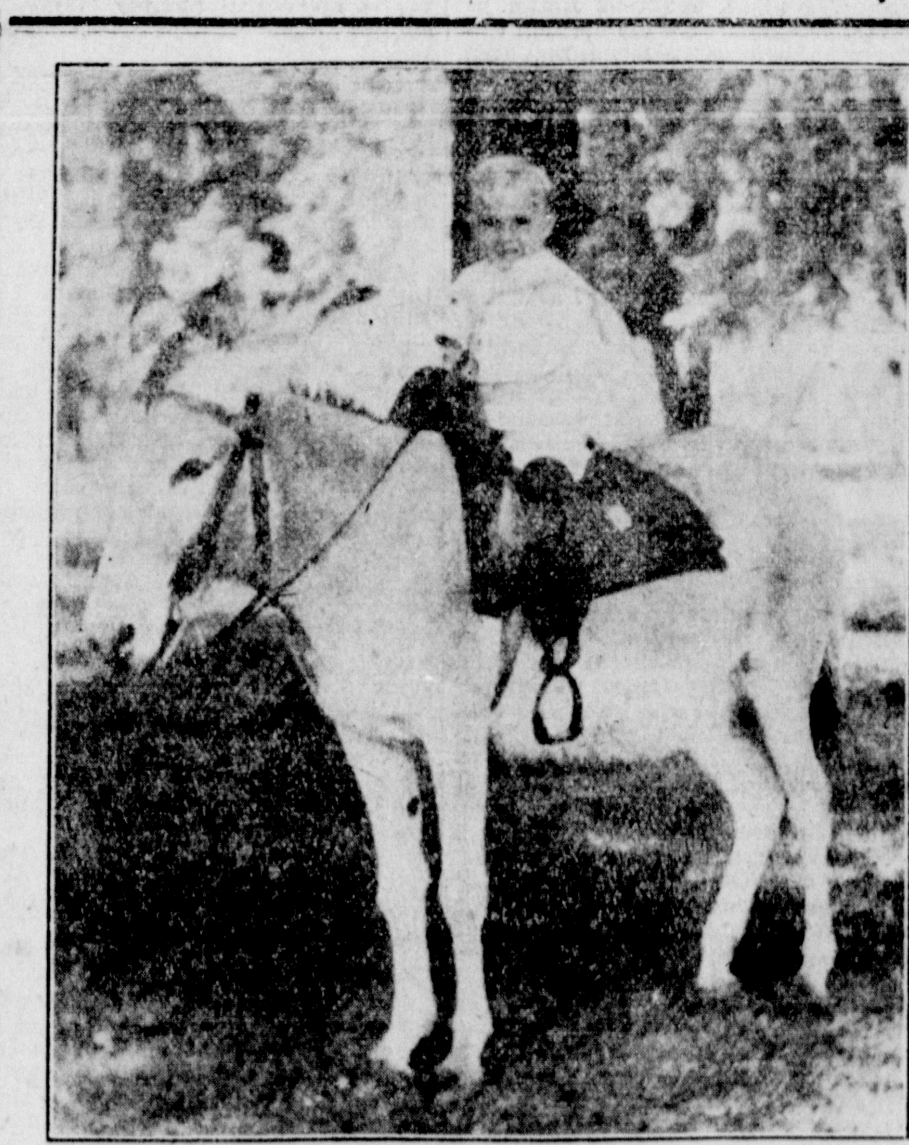

CHARLES EZARD

First victim of Woodson tragedy now rests in Diamond Grove cemetery.

"The brother built on the sure foundation which is Christ. He was suddenly called from earth and so let us all be admonished by the sad event and let me say unto one and unto all, watch for in such an hour as ye know not the Son of man cometh. May He comfort those who mourn; may He be a husband to the widow and a father to the fatherless and bear them through life in His everlasting arms."

With Mrs. Sadie Gallagher at the piano the choir already mentioned sang during the exercises, "Abide With Me", "I Shall be Satisfied", "Some Day", "Face to Face", "I Shall See Him By and By", "Come Unto Me when Shadows Darkly Gather", "Tarry with Me, O my Savior."

HOWARD CRAIN

The little lad ruthlessly slain as he played about the door of his home near Woodson.

The music was very beautiful and appropriate and excellent every way and was well appreciated.

There was a great quantity of flowers in various forms. Among them was a beautiful set piece from the M. W. A.; another "Papa", from the children, a large spray and a great number of exquisite wreaths. All were kindly cared for by Mrs. J. W. Hall and Miss Hallie Cruse.

At the close of the sad services a mournful procession followed the remains to Diamond Grove cemetery the bearers being Messrs. John Fitzsimmons, Otto Finch, John Combs, Jephtha Henry, Simpson Butler, and Harry Cade.

As the sad cortege moved away another appeared and this time there were two hearses, one black with the remains of the father and another white with the body of the little child so rudely hurried into eternity. The funeral was in charge of the Masonic order of whom there was a good attendance. Brother J. H. Dial acted as Worshipful Master and Rev.

J. L. Coleman, pastor of the Woodson Presbyterian church officiated as chaplain.

The beautiful ritual of this order was duly carried out and was deeply impressive both officials performing their parts in an admirable manner. The Masonic bearers were Brothers Benjamin Cade, W. H. Gallo-way, E. J. Bradley, Clyde Fanning, William Nicol and John Iram.

The flowers in this funeral were also profuse and beautiful. There were set pieces from the M. P. L., Masonic and Odd Fellow fraternities, "Father" from the family and "Baby" from friends and a great many wreaths. These were cared for by Misses Mattie Iram, Pearl Cruse and Zella Crain.

The came musicians sang with beautiful effect "Asleep in Jesus," "I Shall be Satisfied," "Jesus, Lover of My Soul," "Abide with Me," "Shall we Gather at the River?" At the close of the services the bodies were borne to Asbury cemetery.

EXPLAIN THE MOVEMENT TO BROADEN MISSIONARY WORK

Important Rally Will be Held Sunday and Monday—Prominent Men Will Be the Speakers.

Every one should attend the great missionary rally Sunday and Monday; in the morning at the various churches; in the afternoon at State street church and in the evening at Central Christian church on the west side and at Centenary church on the east side.

Something of the history of the movement is given.

On the 19th of March, 1913, a joint meeting was held in New York City of duly appointed representatives of the Conference of Foreign Missions Boards of North America and of the Home Missions Council of the United States, to confer concerning the desirability and feasibility of a united campaign for the introduction of adequate methods of education and finance throughout the churches of North America, to the end that the Church may discharge its full missionary responsibility both at home and abroad.

After a careful consideration the conference came to the unanimous conclusion that the time has arrived for a united missionary campaign under the supervision of the Conference of Foreign Missions Boards of America and the Home Missions Council of the United States. Under authority given to the members of the conference by the two respective organizations a Central Committee was created with power to add to its number. Later an Executive Committee was also appointed.

The Executive Committee of the Laymen's Missionary Movement was requested to take general charge of the organization and direction of the interdenominational conference features of the united campaign, employing for this purpose such leaders as may be necessary in addition to the secretarial force of the various home and foreign boards and the present staff of the Movement.

The Missionary Education Movement was asked to formulate a plan for the educational features of the campaign in consultation with the educational departments of the boards, and to report to the Executive Committee at an early date.

It was agreed to use existing agencies so far as possible in the promotion of the campaign, so as to avoid the necessity of a large central budget for salaries of executive officers.

Message of the Campaign

The objective of this co-operative effort is the fullest development and the largest use of the spiritual energies of the Church, to the end that the Kingdom of God may be extended and established upon the earth. As a means to this end the campaign will enable Christians and Christian churches to act together in inspiring and informing their members concerning their common task, inviting and stimulating them to act simultaneously in the enlistment of their whole membership in systematic and proportionate giving to support the entire missionary and benevolent work of the Church.

The Campaign will express the essential unity of all mission work, bringing into co-operation the home and foreign missionary forces and agencies throughout North America.

The Working Program

The Campaign is under the direct auspices of the Home and Foreign Missionary Societies, as represented by the Foreign Missions Conference of North America, and the Home Missions Council of the United States. The co-operation, however, of such

other missionary bodies as may be deemed advisable will be welcomed, but it will be left to each community to work out the final groupings of the benevolent interests which are to receive consideration.

The campaign is in the interests of the entire missionary work of the church and aims at the enlistment of the entire membership of the Church.

TO MAKE TROPICAL CITY OF NEW ORLEANS.

New Orleans, Jan. 30.—New Orleans school children will tomorrow plant hundreds of palms with a view to making this the "greenest city in America." While the chief aim of the movement is for a clearer and more beautiful city, another and not the least important object in planting the palms is to give New Orleans a more tropical appearance and thereby make the city more attractive for the winter tourist from the north.

DRAINAGE AND LEVEE DISTRICTS ASSOCIATION IN SESSION

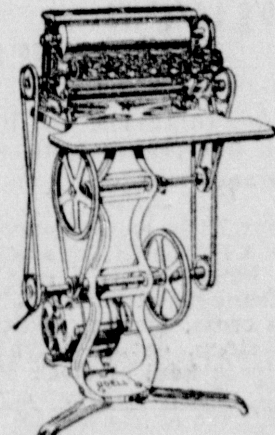

Hon. Thomas Worthington Advocates State Maintenance Tax Instead of Present Assessment.

Springfield, Ill., Jan. 30.—The fourth annual meeting of the association of drainage and levee districts of Illinois met here today and elected:

President—W. R. Curran, Pekin.
Secretary—Eugene Brown, Peoria.
Governor Dunne gave the address of welcome in the morning. Lyman E. Cooley, engineer for the drainage district of Chicago, stated that there was thirty per cent more silt in the Illinois river today than in 1867 and attributed the filling up of the river bed to the dams at Copernas Creek and Henry. Hon. Thomas Worthington of Jacksonville, chairman of the legislative committee advocating a state maintenance tax instead of the present assessment of thirty cents an acre for drainage extension.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Homburger Brust Thee" at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

It is inexpensive and entirely vegetable, therefore harmless.

IF MEALS HIT BACK AND STOMACH SOURS

"Pape's Diapiesin" Ends Indigestion, Gas, Dyspepsia and Stomach Misery in Five Minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can get blessed relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapiesin, then you will understand why dyspeptic troubles of all kinds must go, and why they relieve sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diapiesin" is harmless, tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxative or liver pills for biliousness or constipation.

This city will have many "Pape's Diapiesin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gas, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach trouble and indigestion in five minutes.—adv.

A CHILD'S LAXATIVE IS "SYRUP OF FIGS"

They Love to Take It and It Doesn't Harm the Tender Little Stomach, Liver and Bowels.

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle, thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if he/she is a little feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Don't be fooled.—Adv.

RUB RHEUMATISM PAIN FROM SORE ACHING JOINTS

Rub Pain Right Out of Joints and Muscles With a Small Trial Bottle of Old St. Jacobs Oil.

Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot" and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and can not burn or discolor the skin.

Linger up! Quit complaining! Get a small trial bottle of "St. Jacobs Oil" from any drug store and in just a moment you'll be free from rheumatic pain, soreness, stiffness and swelling. Don't suffer! Relief and a cure awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache and sprains.

Jacksonville Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills.

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Jacksonville citizen:

G. V. Skinner, blacksmith, 853 South East street, Jacksonville, Ill., says: "I am convinced that Doan's Kidney Pills are the best kidney medicine to be had. One of our family suffered a great deal from kidney weakness and backache and was relieved in every way by Doan's Kidney Pills."

"When your back is lame—Remember the name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Skinner had—the remedy backed by home testimony. All stores. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

HOW HOG CHOLERA IS BEING COMBATED

DEPARTMENT OF AGRICULTURE CONDUCTS CAMPAIGNS AGAINST DISEASE.

In Addition to Use As Preventative the Anti-Hog-Cholera Serum Advocated By the Government Will Cure a Large Proportion of Hogs in the Early Stages of the Disease and Render Them Immune After Recovery.

Washington, D. C., Jan. 30.—The department of agriculture during the past year, has been conducting campaigns in Indiana, Missouri, Iowa and Nebraska to control the contagious disease of hogs known as "hog cholera" by means of anti-hog-cholera serum and farm quarantines. In one county (Pettis county Missouri) where there was a loss of 18 per cent in 1911 and 25.6 per cent in 1912 of all hogs raised there was only a loss of 14.7 per cent up to November 1913. This decrease was due to the use of the serum, which, although not used there by the department's agents until August, 1913, materially reduced the loss. About 60,000 hogs were raised during the past year and of the 10,000 that died of the hog cholera only about 1,000 were lost after the active use of serum and quarantine measures were inaugurated.

In every county where these measures were employed even though begun after the disease had continued its ravages for some time, there was less loss from hog cholera than in either of the two preceding years.

In addition to its great function as a preventive, it has been found that the anti-hog-cholera serum would cure a large proportion of hogs in the early stages of the disease and render them immune after recovery. However, if hogs are not treated by this serum, from 75 to 100 per cent of all affected herds die. This serum, so far as is known, is the only thing that will prevent the disease.

Makes Good Record. Of hogs actually sick when treated the department's inspectors lost but 25 per cent during the past summer.

Of well hogs in diseased herds, 2.8 per cent died after being treated, and of hogs in exposed herds less than 1 per cent died after being inoculated with the serum. In an infected herd there is always a certain proportion of hogs that are well.

The inspector examines the hogs when he arrives, takes the temperature of all hogs in the herd and separates the sick from the well. The temperature is an indication of the sickness. The temperature of a sick hog, unless the hog is near death, will run above 104 degrees and sometimes as high as 107 or 108 degrees F.

Some states are engaged in the manufacture of serum to cure this disease. This serum requires special treatment to preserve its quality and a qualified man to produce it. Sufficient serum to treat an average hundred-pound hog costs about thirty cents at a liberal estimate. The treatment is by hypodermic injection.

The department in initiating its campaign against the devastating hog disease has only been able to commence in a few of the districts where the cholera was the most widespread and where the active cooperation of the state was offered in enforcing the ordinary quarantine measures, etc.

Endeavor to Control Disease.

The object of the department has been to endeavor to control the disease and if possible, to eliminate it from the country. To secure this end the best efforts of the farmer himself are necessary. The campaign against this devastating sickness during 1913 was planned in the territory selected along three lines.

1. The education and organization of the farmers in the districts selected, to be carried out primarily by the state college.

2. The enforcement of sanitation and restrictive regulations by the state veterinarian.

3. Active supervision by the bureau of animal industry of the department and the inoculation of diseased herds and exposed herds with the anti-hog-cholera serum.

A county in each state was selected as a unit and the method of work in that county was, briefly, for the state college to secure the cooperation of intelligent, active farmers in each township in the county. These men were called volunteer assistants and they were to keep in close communication with the department's inspector stationed in that area, keeping him informed of conditions and securing statistics concerning the hog industry. In this manner conditions were pretty well learned in the territory under inspection.

When an outbreak of hog cholera was reported the department's inspector went to that outbreak and saved all the hogs he could by treatment with serum. As the disease is very easily transmitted, he then protected all herds in the immediate vicinity by inoculation. The idea was to form a zone of immune animals around the infected center.

Caused By Germ in Blood.

Hog cholera is caused by a germ that exists in the blood. It is an organism apparently so small that the most powerful microscopes do not show it. However, it is easy to demonstrate its presence by inoculating a small part of the blood from a sick hog into a well one, which produces the hog cholera.

Hog cholera is a disease which seems to be stopped to a degree by the frosts of winter, although frost cannot be said to stop a case after it has taken hold of its victim. However, it seems to prevent the rapid spread of the disease. The result is that in spring time the affection is as a rule at the lowest ebb but in-

creases rapidly from that time until fall.

Hog cholera does not seem to affect any particular breed of hogs more than another, and while generally the careless farmer is more apt to have the disease among his hogs than the careful one, the disease sometimes occurs where the conditions are sanitary. It is hoped that the work may be extended gradually until the disease is completely controlled or eliminated. The fact that hog cholera is carried not only by the hogs themselves, but by birds, dogs, streams and even on the feet of men going from one farm to another shows how necessary it is that the campaign be thorough and that farmers exert their best efforts to assist in the work.

BAKER LOSES SUIT TO OBTAIN MAJOR PORTION OF ESTATE

Judge Holds That Chicago Man Is Entitled to No More Than Equal Share With Other Heirs.

Chicago, Jan. 30.—Charles H. Baker lost his suit to obtain the major portion of the \$2,000,000 estate of his father, William T. Baker, by a decision of Judge McKinley in the superior court here today.

Baker sued his brother, Howard W. Baker, trustee of the estate, Henry D. Baker, United States senator from Indiana, A. M. Baker and Mrs. Bertha W. Ailing, the heirs and children of W. T. Baker, who was at one time president of the Chicago board of trade.

Baker asserted that he was entitled to the major portion of the estate because of his assistance to his father in promoting the Snodgrass Falls Water Power company, which furnishes power and light to Seattle, Tacoma and other cities in the state of Washington. Judge McKinley held that Baker was entitled to no more than an equal share with the other heirs.

RECOMMENDS PROFIT SHARING AND ELIMINATION OF UNION LABOR

Dr. Charles W. Elliott Asserts This Is Only Way Out of Present Industrial Warfare.

Boston, Jan. 30.—Profit sharing and the elimination of the labor union were declared by Dr. Charles W. Elliott, president emeritus of Harvard today to be the only way out of the present industrial warfare. He was addressing the Masters Builders association.

"The labor unions oppose such methods," he said, "because they see the ruin of their business. The future of the country depends upon combating the evil influences of unions in discouraging ambition and in the theory of a limited output."

"I long for the day when American industries are to be freed from this rotten condition for the men employed in them."

NO INTRUDER FOUND AT THE WALTMAN FARM

Search of Barn Friday Morning Showed No Trace of Prowler Who Alarmed Family.

Friday morning when Frank Waltman, who resides east of the city, searched his barn no trace of the night prowler who frightened the Waltman family and neighbors Thursday night, could be found.

Mr. Waltman gave his opinion that the man had not entered his barn, as that building gave no evidence of having been occupied by any strangers. He also said that none of his property was missing and that when the family got up this morning one horse was out in the yard, having gone through a gate left open by the intruder. Mr. Waltman stated that he did not think it was the man's intention to steal anything, and that if he contemplated doing any harm, it was to the members of the family.

He said that the man didn't seem to care whether anyone saw or heard him, as he used no precaution in closing the gate in the several times that he went through it. No tracks were found in the snow under the window, the wind blowing the snow so as to obliterate them.

In a story about the supposed maurauder in the Journal Friday the statement that Mr. Dowling met at the Star lunch room and sought to have him go to the Waltman farm was in error. The Journal was informed that the conversation between Mr. Dowling and Mr. Todd occurred there. As a matter of fact Mr. Todd was at home all evening and the conversation was over the phone. Sheriff Rogers said yesterday that the reason he did not send officers to the Waltman home when requested was because he felt certain that the alarm of the family was largely the result of nervousness. He said that Thursday he received three such calls and that none of them seemed to merit very serious consideration or to indicate that there was real danger abroad.

ORGANIZED BASEBALL SECURES PLAYERS SOUGHT BY FEDERALS

Pacific Coast Star Base Stealer Joins Cubs—Fournier and Blackburn Sign With White Sox.

Chicago, Jan. 30.—Organized baseball had an inning today in the contest with the Federal league. Jimmy Johnston who established a stolen base record on the Pacific coast last summer was induced to sign a Cub contract and Jacques Fournier and Russell Blackburn have agreed to accept the terms offered by the Chicago Americans. All three of the players were sought by the Federals, it was reported.

The local Federal league club has lined up the needed number of property owners to offset a petition circulated by others asking that the city prevent the establishment of a baseball plant on the north side site selected. This was announced tonight by Chas. Weeghman, president of the club who said that by this time next week 200 men would be at work on the new plant.

Has Signed No Contract.

Decatur, Ill., Jan. 30.—In a letter to his parents in this city Arthur Wilson, catcher of the New York Giants, states that he has not signed a contract with Tinker's Chicago Federal team. He also says that he has not signed a 1914 contract with McGraw.

Plead Not Guilty.

Los Angeles, Cal., Jan. 30.—Jimmy Clabby, the middleweight pugilist and Arthur McQueen, a trainer arrested Wednesday after a policeman had been severely beaten were arraigned today on a charge of resisting an officer, a felony misdemeanor.

They pleaded not guilty and demanded a jury trial which was set for March 4th. Both men are at Liberty under bond of \$1,000 each.

Track Man Ineligible.

Chicago, Jan. 30.—Charles Parker, captain of the University of Chicago track team last year, has advanced so rapidly in his studies that the faculty today declared him ineligible to participate further in athletics. His case is unique in Western Collegiate athletics and in pronouncing him ineligible the faculty acted on a clause in the conference agreement which heretofore has not been enforced and even its existence has been known to few. Parker is taking a six year course leading to a degree of doctor of law. Conference rules state that a student who has received a bachelor's degree can no longer compete in athletics. Parker believed he put off the studies which would give him his bachelor's degree until he had participated in athletics for three years. But in other studies Parker has been credited with 36 majors and a student who has received this number of credits automatically earns his bachelor's degree.

In ruling the faculty invoked a clause in the graduate rule to the effect that a student is not eligible to athletics who prolongs his undergraduate course for the purpose of extending his period of eligibility. This clause was not known to Parker or to Coach Stagg.

Parker won the 100 yard dash at the Western conference meet last June and in the games in Grant park during the summer made the distance in ten seconds. He was entered in the dash, the hurdles, quarter mile run and shot put in the dual meet tomorrow between Chicago and Northwestern. His loss with that of Ward, a hurdler who has the mumps seriously cripples the Maroon team.

You Want to Improve Your Home READ THIS

Folks say, Of course the Light Company can afford to wire our houses for cost. They sell light, not wire and labor. And they are right. We wire your house for cost and in addition allow twelve months to pay.

We wired your friend's house—ask 'em. Let us estimate and give you a surprise. Really, it's only a trifle.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Diseases, will be at the Durlay Hotel, Jacksonville, Ill., Wednesday February 4, 1914, one day only. (Returns every 28 days). Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

IS THIS THE WAY YOU FEEL?

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of limbs? Have you a dull dragging pain or ache of the body, back or limbs? Have you Rheumatism? Have you Piles—itching or bleeding? Have you kidney or bladder trouble, lame or weak back, pains in back or joints? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

Invite me to call and investigate the Carson System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up-to-date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT. Come early as parlors are always crowded.

A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

C. W. CARSON, M. D., Chicago, Ill.

766 Oakwood Blvd., Chicago, Ill.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA
Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

ALL MARINES LANDED.
Washington, Jan. 30.—All the
marines from the United States
battleship South Carolina were land-
ed at Port au Prince today to rein-
force the bluejackets from the Cruis-

ests there. Captain Russell's dis-
patch to the navy department said
several aspirants for the Haitian
presidency were marching on the
capital.

Rheumatism has given my wife
wonderful benefit for rheumatism.
She could not lift hand or foot, had
to be lifted for two months. She
began the use of the remedy and
improved rapidly. On Monday she
could not move and on Wednesday
she got up, dressed herself and
walked out for breakfast." Sold by

IN MEMORY OF THE MARTYR.
London, Jan. 30.—Today was the
26th anniversary of the beheading
of King Charles I, who was executed
by his rebellious subjects at White-
hall, January 30, 1649. In accord-
ance with their usual custom, the
several branches of the so-called
Legitimist societies in London and
elsewhere observed the day by send-
ing wreaths for the decoration of the
statue of the "martyr king" in Trafal-
gar Square.

WE take this method of thanking
our many friends for their sym-
pathy and kindness and the beautiful
floral offerings tendered at the death
of our husband and father.
Mrs. Charles E. Zard and Family.

STOCKS BUOYANT; MARKET GATHERS STRENGTH STEADILY

Trading Expands to Large Pro-
portions in Last Hour—Up-
turn Attended by Resumption
of Investment Buying.

NEW YORK, Jan. 30.—Stocks
rose buoyantly today. Beginning
with a moderate advance at the
opening the market gathered strength
steadily. In the last hour the
movement became more pronounced
and trading expanded to large pro-
portions. Canadian Pacific was forced
5% points. Gains of two points
or more were made by many of the
representative issues. The upturn
assumed the character of the recent
advance for it was attended by re-
sumption of investment buying in
a large scale of bonds and high grade
stocks. Rapid absorption of the new
bond issues both here and in London
gave further indication of the im-
proved outlook for the investment
market. An issue of \$10,000 St.
Paul 4% per cent bonds was sold
here in less than two hours after
they were offered by the Under-
writers, being placed at about 103.
The new issue of New York State
4% reached 103 1/2.

Forecasts of the week's cash move-
ment indicated another gain by the
New York banks of perhaps \$10,-
000,000. If such a gain is discov-
ered in tomorrow's bank statement
it will bring up the increase in Janu-
ary to about \$8,000,000 the largest
for years.

ACTIVE POLITICAL CAMPAIGN IS WAGED IN ALABAMA

Oscar Underwood and Captain Hobson are Making Spirited Race for the United States Senatorship—Hero of Merimac Popular in the Rural Districts.

Montgomery, Ala., Jan. 30.—With the Democratic primaries only two months away, the aspirants for the senatorial toga and the executive chair are putting on their racing togs in preparation for the final sprint. Already the campaign has developed into one of the most spirited in the state's recent history. Most interest naturally centers in the contest over the United States senatorship. On one side is Oscar W. Underwood, the leader of the Democratic majority in the national house of representatives, author of the tariff bill which bears his name and a man with one of the most brilliant records for constructive achievement which has been made in congress for several decades. Pitted against Mr. Underwood is Capt. Richmond Pearson Hobson, known to history as "the hero of the Merimac," and who now represents the Sixth district of Alabama in the lower house of congress.

To most observers, especially those outside of the state, Mr. Underwood appears as the logical candidate for the United States senate. His service in the lower house covers a period of nearly ten years and has been of a most distinguished order. He has given the country a tariff law which he sincerely believes will work no irreparable injury to legitimate business and will ultimately bring relief to the people. Before his present term expires the greatest work of his party will have been done. Tariff, currency and anti-trust legislation will have been enacted and the party will have reaped in full the benefit of Mr. Underwood's leadership in the house. With this accomplished, Captain Hobson believes that he should be entitled to enter a new field in which his ability and genius for constructive legislation would have ample opportunity for further development.

But strange as it may seem, Mr. Underwood, with his wide reputation and brilliant record of achievement, apparently has a hard fight to win the senatorial prize. The business interests of the state are supporting his candidacy almost unanimously, but in the rural districts, where prohibition is set up as the issue in every political campaign, Captain Hobson and his anti-saloon propaganda admittedly have a strong following.

Up to the present time Mr. Underwood has declined to stump the state. He has persisted in remaining in Washington to attend to his official duties, leaving his claims in the hands of his friends. Shrewd political observers admit that if this program is adhered to during the short remaining period of the campaign the ways and means chairman, despite his splendid record in congress, will have a very hard fight to win the senatorial toga.

Captain Hobson's strength lies largely in his success as a campaigner, and he is taking every advantage of his opponent's absence. For weeks he has been pursuing a whirlwind campaign over the state. It has been said of him that he can campaign over more ground, make more speeches and arouse more enthusiasm among ruralists than any other man in Alabama.

Hobson's record in public life is varied and striking. When he tried to get on the retired list of the navy to begin a public career, and gave defective eyesight as his claim, the late Senator Bankhead, then a member of the house, vigorously opposed action and carried his point. A friend of Hobson suggested that he get out and beat Bankhead for congress. Hobson promptly acted on the suggestion. Resigning from the navy, he entered the race for congress from the Sixth district against Bankhead, a veteran campaigner and astute politician. Despite Bankhead's powerful family influences, his splendid record as a Confederate soldier and his forty years or more of public service, young Hobson, in his first whirl at practical politics, came near defeating him in the primary of 1906. Two years later the fight was renewed with bitterness. Hobson stumped the districts from end to end when the ballots were counted it was found that the veteran Bankhead had gone down to defeat before the young naval officer.

It is the memory of Bankhead's defeat that prompts Mr. Underwood's friends to urge him to come home and engage in a vigorous campaign against his opponent. They believe that if he gets out and meets the voters his victory will be certain. So far he has made no effort to do this, and there lies the element of uncertainty.

The gubernatorial campaign, though overshadowed by the struggle for the senatorship, is nevertheless attracting much attention. With five tries the race could scarcely be otherwise than interesting. Those who aspire to be the next governor are B. B. Comer, who has already held the office; Charles Henderson, former president of the state railroad commission; R. F. Kolb, who has a long record as political leader and office holder in Alabama; Walter D. Seed of Tuscaloosa, and John H. Wallace.

For a Deep Seated Cold.

It is in deep seated colds that Chamberlain's Cough Remedy is most appreciated. It relieves the lungs and makes breathing easier, liquefies the tough mucus and makes it easier to eliminate, allays the cough and aids nature in throwing off the cold and restoring the system to a healthy condition. Mrs. C. R. Walters, Decatur, Ill., says, "Fifteen years ago Chamberlain's Cough Remedy cured me of a deep seated cold on the lungs and rid me of an aggravating cough. I have since used it when needed and it always produced the desired results." For sale by all dealers—adv.

SEIZE FOOD STUFFS BY FOOD AND DRUGS ACT

GOVERNMENT APPREHENDS SHIPMENTS OF ADULTERATED FOOD.

Trials of Cases Pending Will Shortly Be Brought Before the Courts When It Will Be Determined Whether the Government's Charges Are Justified.

Washington, D. C., Jan. 30.—Upon allegations of adulteration or misbranding, a number of shipments of foodstuffs have been seized recently under the food and drugs act on the recommendation of the department of agriculture. Trials of cases involving these shipments have not yet been had, but all the cases will shortly be brought before the courts when it will be determined whether the government's charges are justified.

Eight and one half cases of tomato catsup, alleged to have been shipped by Lewis Packing Co., San Francisco, Cal., were seized December 19, 1913, at Portland Ore. Adulteration was charged on the ground that the product consisted in whole or in part of a decomposed vegetable substance.

Part of another shipment of tomato catsup consisting of 2 1-2 cases, alleged to have been shipped by Sunlit Fruit company, Berkeley, Cal., was seized December 19, 1913, at Portland, Ore. Adulteration was charged because an examination of sample indicated that the product consisted of decomposed vegetable substance.

Three hundred bags of cull beans, alleged to have been shipped by the Richmond Elevator Co., Port Huron, Mich., were seized at Baltimore, Md., on December 29, 1913. Adulteration is charged on the ground that the beans consisted in whole or in part of a decomposed vegetable substance.

Twenty-seven barrels of tomato catsup, alleged to have been shipped by Price & Lucas Cider & Vinegar

Co., Louisville, Ky., were seized on December 19, 1913 at New Orleans, La. Adulteration was charged in that the product consisted of a partially decomposed vegetable substance.

One barrel of tomato catsup was alleged to be adulterated as it consisted in whole or in part of a filthy, decomposed putrid vegetable substance. Misbranding was also charged against the product in that the benzoate of soda contained therein was not declared. This seizure was made on December 19, 1913, at New Orleans. It was alleged further that the shipment in question was made by the American Pickle & Canning Co., of Wiggins, Mass.

At Philadelphia Pa., December 29, 1913, 94 bags of nutmegs were seized upon the charge that the same were adulterated in that they consisted in part of filthy decomposed vegetable matter.

Fifteen boxes of macaroni alleged to have been shipped by H. Pollinsky, Philadelphia, Pa., were seized at Baltimore, Md., on December 26, 1913. Misbranding was charged on the ground that the label implied foreign origin whereas the goods were of domestic manufacture.

A carload of tomato pulp, alleged to have been shipped by Thomas Page, Albion, N. Y., was seized December 23, 1913, at Chicago Ill. The government charged that the product was adulterated in that it consisted of a partially decomposed vegetable product.

SOUTH SIDE CIRCLE HOLDS OPEN MEETING

Delightful Gathering at the Home of Dr. and Mrs. H. L. Griswold—Banquet Followed By Toasts.

The open meeting of the South Side circle was held Friday evening at the home of Dr. and Mrs. H. L. Griswold on West State street, with a large number of members in attendance. The guests assembled at 6:30 and half an hour later a splendid three course banquet was served by the Pastoral Helpers of the Central Christian church. It was a turkey dinner and the meal was greatly enjoyed. Place cards were used and each person was requested to find his own plate.

Following the banquet Mrs. E. C. Carpenter was introduced as toastmistress and the following list of toasts were given in a spirited manner.

"Our Club"—Mrs. Ollie Parker. Baritone solo—Julian Hall.

"Our Open Meeting"—Mrs. T. H. Buckthorpe.

Song by Ladies' quartet, composed of Mrs. Julian Hall, Mrs. A. M. Roberts, Mrs. C. F. Ehnie and Mrs. W. O. Wait.

"Our Husbands"—Mrs. W. O. Wait.

Soprano solo—Mrs. A. M. Roberts. "Our Guests"—J. J. Reeve.

Song—Ladies' quartet.

Following the program a social hour was enjoyed and the guests greatly enjoyed the hospitality of the Griswold home. The program committee consisted of Mrs. William Winchester, Mrs. Herman Weber, Mrs. Joseph Jackson and Mrs. Ollie Parker.

The Real Trouble.

Many women are worried because their complexion has become sallow and muddy. In trying to cover it up with face powder they make a bad matter worse. The real trouble is with the liver. Take Chamberlain's Tablets and correct the disorders of your liver and your complexion will be greatly improved. These tablets also improve the general health, and no woman can reasonably hope to be beautiful unless healthy. For sale by all dealers—adv.

ENGINEERS AND SURVEYORS TO MEET IN SPRINGFIELD

Capital City Chosen For Next Year's Convention—Twenty-Five New Members Admitted.

M. C. Poulsen of the Caldwell Engineering company has returned after attending the 29th annual meeting of the Illinois Society of Engineers and Surveyors which was held in the Auditorium of the Jefferson hotel in Peoria on January 28, 29, and 30. There was a good attendance and the membership was increased by the addition of twenty-five new names. An interesting program had been arranged and was successfully carried out. The mayor of Peoria delivered the address of welcome and the response was by J. J. Harmon, vice president of the society. L. K. Sherman, president of the society, made an interesting address upon the "Functions of the Engineering Society."

A social "smoker" was held on Wednesday evening, and proved to be a very enjoyable affair with a large attendance and the annual dinner with special features provided by the local committee was enjoyed on Thursday. On Thursday afternoon excursions were made to places of interest in and about the city, the transportation being provided by the local committee. The visitors were accompanied by guides who made the trips of interest by information of the places visited.

Springfield was chosen as the next place of meeting. The following officers were chosen: John J. Harmon, pres., Peoria; W. S. Shields, Peoria, vice president; W. T. M. Goss, Champaign and J. S. Millush of Bloomington were chosen trustees to fill vacancies.

LEAVES FOR LOS ANGELES.

Edwin Montgomery of this city expected to leave Friday evening over the Alton for Los Angeles, Cal., where he will reside. Mr. Montgomery is a contractor and builder by trade and has always lived in Jacksonville.

FUNERAL NOTICE.

Funeral services for Mrs. O. H. Spaulding will be held at the Church of Our Savior this morning at 9 o'clock. Interment will be made in Calvary cemetery.

Stork and Cupid Cunning Plotters

Many a New Home will Have a Little Sunbeam to Brighten it.

There is usually a certain degree of dread in every woman's mind as to the probable pain, distress and danger of childbirth. But, thanks to a most remarkable remedy known as Mother's Friend, all fear is banished and the period is one of unbounded, joyful anticipation.

Mother's Friend is used externally. It is a most penetrating application, makes the muscles of the stomach and abdomen pliant so they expand easily and naturally without pain, without distress and with none of that peculiar nausea, nervousness and other symptoms that tend to weaken the prospective mother. Thus Cupid and the stork are held up to veneration; they are rated as cunning plotters to herald the coming of a little sunbeam to gladden the hearts and brighten the homes of a host of happy families.

There are thousands of women who have used Mother's Friend, and thus know from experience that it is one of our greatest contributions to healthy, happy motherhood. It is sold by all druggists at \$1.00 per bottle, and is especially recommended as a preventive of caking breasts and all other such disorders.

Write to Bradford Regulator Co., 131 Lamar Bldg., Atlanta, Ga., for their very valuable book to expectant mothers. Get a bottle of Mother's Friend today.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.
